

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

# ***Cases and Other Authorities on Legal Ethics***

*(American Casebook Series)*

**By George B. Costigan, Jr.**

Northwestern University Law School

Author of Cases on Wills in the American Casebook Series and  
American Mining Law in the Hornbook Series

**1 Volume**

**616 pages**

**Dark green buckram**

**\$4.00 delivered**

Mr. Costigan has spent many years in gathering the material and preparing the manuscript for this source-book on the subject of legal ethics. It embodies a wealth of valuable material upon a subject that is of the utmost importance and has been neglected by law schools largely because the material was not accessible.

**CINCINNATI LAW SCHOOL**

**21 West Ninth Street  
Office of the Dean**

**April 20th, 1917**

I received the copy of Costigan's Cases on Legal Ethics this morning, and it has taken my breath away. I have been reading it all morning, and do not expect to be able to do another thing until I finish it. Its publication marks nothing short of a revolution in Legal Education—its scope and spirit. I shall certainly recommend the inclusion of a course based on this book as a required study in this school.

**Yours gratefully,  
(Signed) Nathan Isaacs**
